

Easy Drain®
Shower Drains

Aqua  ESS

Variable connection (horizontal and vertical)

Horizontal connection

Vertical connection

Cutting edge technology

Vertical and horizontal connectivity combined in a single shower drain. Easy to apply due to its unique form and flexible flange. Very low installation depth with a 50 mm water seal, according to DIN EN 1253, Aqua Brilliant is ideal for renovations thanks to patented technology.

Features:

- Suitable for every installation depth: trap body and grate are height adjustable.
- Extremely low installation depth
- High drainage capacity: 39 l/m
- Glueable ABS trap body, according to DIN-EN-ISO 2580-1:2002
- Easy to clean siphon
- WPS technology – 10 years warranty
- Patented flexible flange technology: WPS ensures 100% watertight, perfect adhesion and no pressure load on the edge in comparison to a fixed flange.
- Soundproofing mat is included in the packing
- Variable connection, for vertical or horizontal application
- Self-explanatory shower drain for professionals (smooth transition from installation to tiling)
- ETAG - 022 certified
- EN 1253 certified

Aqua shower drains are supplied as a complete set including build-in set, grate, trap body, water seal, cement cap and WPS system. Using the cement cap makes sure that the build-in set and trap body are protected during the installation process.

Design:

The Aqua Brilliant shower drain is equipped with a solid grate and refined build-in set with stainless steel color.

Easy Drain®

Aqua

Shower drain with Multi technology

Our answer: Aqua

Aqua shower drain series are equipped with our Multi siphon technology; providing a solution to every shower drainage question.

Features:

- Suitable for every installation depth: trap body and grate are height adjustable.
- 15x15 cm models are horizontally adjustable for a perfect tile/shower drain installation.
- Variable and height adjustable water seal from 50 to 25 mm
- Extremely low installation depth
- High drainage capacity.
- Glue able ABS trap body, according to DIN-EN-ISO 2580-1:2002
- Easy to clean siphon.
- Patented flexible flange technology: WPS ensures 100% watertightness, perfect adhesion and no pressure load on the edge in comparison to a fixed flanged drain.
- ETAG - 022 certified
- EN 1253 certified

Aqua shower drains are supplied as a complete set including build-in set, grate, trap body, water seal, cement cap and WPS system. Using the cement cap ensures the build-in set and trap body are protected during installation.

Design:

Aqua shower drains are equipped with a solid grate and refined build-in set with stainless steel finish.
